Hi Erin,

Yes, it would be good to nail down a BDCP discussion date even if it is before comments are finalized to discuss concepts. I will see you at the BDCP meeting along with Scott Ligare of our staff and at the board meeting tomorrow so perhaps we can discuss more there.

Thanks

Diane

Hi Diane,

Thanks for your message and follow-up from last week's call. Tim gave us an update from Friday's call with State Board this morning and I can call you tomorrow to talk more about that. Valentina may be calling soon, maybe today, to discuss contract funding. I am going to the BDCP water quality meeting this afternoon. Are any of your staff attending?

We are v. interested in meeting as soon as we get our BDCP comments out as well. Maybe we can identify some preliminary dates and topics tomorrow.

Talk to you soon,

Erin

Hi Tim and Erin,

As I mentioned at today's State Board/EPA coordination meeting, we have several Bay-Delta agenda items on June 19th that you may be interested in listening in to. The notice for the meeting can be found at:

http://www.waterboards.ca.gov/board_info/agendas/2013/jun/061813agenda_eng.pdf.

Please give me a call if you would like to discuss any of these issues in more detail or any of the discussion items at today's meeting. We look forward to working more closely with you. I think it would be good for us to sit down and figure out how that should work after we get our BDCP comments out. Please let me know what you think.

Thanks,

Diane
